

## RESOLUTION OF LOVE

Words & music by Darrell Grant

This resolution of Love  
Is a prayer on the wings of a dove.  
This resolution of love  
Is the vision that poets dream of.

This resolution of love  
Will turn back all the shedding of blood.  
This resolution of love  
Is a gift from the heavens above.

So much love  
So effortlessly  
(I know that) feelings are  
So hard to believe  
But one true heart  
Magnificently  
Lifts me high  
To this—

Ever new resolution of Love  
Like looking into the eye of the sun,  
This resolution of love  
Will forever turn two into one .

(So many) breaking hearts  
So desperately  
Search out truth  
And find it so hard to receive.  
But all that lives  
Will ever be  
Calling forth  
Belief—

In a new revolution of love  
One the spirit can never give up  
This revolution of love  
Has begun.
